- Information You Provide

We collect personal information from you when you choose to share it with us. CCPA Rights and Requests

As a California resident, you have the rights listed below. However, these rights are not absolute and in certain cases we may deny your requests as permitted by law. For example, we may deny your request if we cannot verify your identity or confirm that the personal information that we maintain relates to you, or if we cannot verify that you have the authority to make a request on behalf of another individual. In other instances, we may deny your request where an exception applies, such as where the disclosure of personal information would adversely affect the rights and freedoms of another consumer or where the personal information that we maintain about you is not subject to the CCPA. You have the right to be free from unlawful discrimination or retaliation for exercising your rights under the CCPA.

If you are a California resident, you (or your authorized agent) may make the following requests:

(1) Request to Know (Access)

You may request that we disclose to you the following information covering the 12 months preceding your request and as far back as January 1, 2022:

- The categories of personal information we collected about you;
- The specific pieces of personal information we collected about you.

(2) Request to Delete

You may request that we delete personal information we collected from you. Once your personal information is deleted, we won’t be able to get it back for you. If required by law, we will grant a request to delete information, but you should note that in many situations we must keep your personal information to comply with our legal obligations, resolve disputes, enforce our agreements, or for other business purposes.

(3) Request to Correct

You may request that we correct personal information about you that is no longer accurate or that is incorrect.

Please note that while a CCPA request to correct may be denied if your personal information is subject to GLBA and is not covered by CCPA, there are other methods in place that allow you to correct or update your personal account information. To update your email address, phone number and mailing address, you can login to your account via web or mobile app and select the "Personal Info" tab and follow the prompts therein. For updates to social security number, date of birth, legal name changes or misspelling requests or for any information on changes to personal information, please refer to the telephone number on the back of your card.

Please note that Green Dot does not sell personal information for monetary value to third parties.
Additionally, if you have enabled a recognized opt-out mechanism on your browser, device or platform, you will automatically be opted out of any “sharing” of personal information when you interact with our website. Please visit the Global Privacy Control website to learn more about this setting and how to enable it on your browser.

You can also opt out of certain targeted advertising by adjusting the privacy settings on your mobile device (e.g., "Limit Ad Tracking" on iOS or "Opt out of Ads Personalization" on Android).

Please note that your cookie-based preferences will apply only to the specific browser from which you opt out. You will need to opt out separately on all of your browsers. If you delete cookies, change web browsers, reset your mobile advertising ID, or use a different device, you may need to opt out again. Our online services do not function differently in response to browser “Do Not Track” signals, but you may opt out of certain targeted advertising as described above.

**Submitting CCPA Requests**

To exercise the CCPA rights described above, you may submit a request by clicking here or calling us at 833-937-0515. In an effort to protect your personal information from unauthorized access, deletion or correction and/or to prevent fraud or theft of your personal information and any of your assets, we will verify and respond to your request consistent with applicable law, taking into account the type and sensitivity of the personal information subject to the request. Upon receiving a request, we will attempt to verify your identity by comparing the identifying information you provide with your request (e.g., your name and mailing address) to the personal information already maintained in our records. We may need to request additional personal information from you, such as your email address or telephone number, in order to verify your identity and protect against fraudulent requests. If you maintain a password-protected account with us, we may verify your identity through our existing authentication practices for your account and require you to re-authenticate yourself before disclosing or deleting your personal information. If you make a request to delete or correct, we may ask you to confirm your request before we delete or correct your personal information.

independently verify their own identity directly with us and directly confirm that the resident provided the authorized agent permission to submit the rights request on their behalf.

**California – Employees of Businesses**

California residents that are employees of businesses that have a business relationship with Green Dot have all of the rights described in the “Rights and Requests” bullet of the “Privacy Disclosures for California Residents” Section above, and employees of businesses may submit requests as described above.
